

## QMed Knowledge Foundation

Saving hours of research time

### Research Scenario Today

- PG Thesis
- Faculty Publications
- ICMR – STS for UG students

### The Problem

Information explosion! “Knowledge – doubling – every 12 hours”

Students / Faculty – get drowned / lost in this maze. Waste hours in searching

### The Solution

Literature searching skills are a must. There ARE structured methods. These are taught in the first year of medical school in the West

### The National Medical Commission

Has made a mention of the need for these skills

- In the Foundation Course (Page 64)
- In the Revised MBBS Curriculum (Section 3.4.4.)

### The Immediate Need

Imparting the expertise of literature searching as a “Value added course”

- Reflects innovation for accreditations
- Becomes a lifelong learning skill

### QMed Knowledge Foundation

A not for profit trust – with a mission to spread

- Literature searching skills
- Referencing skills

Contribute to

- Saving hours of professional time
- Creating a sound basis for research & writing

### QMed – Work Done

Reached out in over 15 years to round 33000 students and professionals through

- Workshops (245) - including one in Myanmar
- Lectures (over 500) - including **MUHS** and **NBE** RM workshops
- ELearning courses - [www.qmedcourses.in](http://www.qmedcourses.in)
- Mentoring - for all enrolled

Our Courses – [www.qmedcourses.in](http://www.qmedcourses.in)

- Very affordable
- Available on any platform

### The Team

#### Founder & CEO

**Mrs Vasumathi Sriganesh** – Former medical librarian. Gained expertise in in-depth literature searching & referencing  
Plus a Team of four professionals – for technology, content creation, accounts and administration

#### Supported by Four Trustees:

- Dr Bhavin Jankharia – Radiologist
- Dr Sandeep Bavdekar – Pediatrician
- Ms Anujaa Navaratnaa – former librarian; currently a counsellor
- Mr P Sriganesh – a Finance professional
